MOVING?

Contact our Customer Service Center.

You will be responsible for the electric service used until you properly notify us that you are moving. If you plan to move, you should notify us a few days in advance of the day on which you will move to assure that your account is promptly closed. If your meter is inside, please make an appointment for its disconnection. Thank you.

CUSTOMER INFORMATION

Late Payment Charge—Amounts not paid by the "Due Date" may be subject to a late charge on the unpaid balance. The late charge rate is 1.0625 percent per month, and the "Due Date" is printed on the front of the bill.

Payment Arrangement—If you have trouble paying your electric bill, you should contact our Customer Service Center. A payment arrangement may be available to help you.

Rates—Bills are computed based on rates approved by the Maine Public Utilities Commission. Copies of the complete rate schedule are available upon request.

Right to Dispute Your Bill—If you wish to dispute your electric service bill, please call or write us at the address above. We will investigate your complaint and inform you of the results. If you are not satisfied with the results of our investigation, you may appeal to the Maine Public Utilities Commission, Consumer Assistance Division, 242 State Street, State House Station 18, Augusta, Maine 04333-0018.

Sales Tax—For residential customers 25 kWh per day are exempt from Maine State sales tax, as defined by Maine State law.

Acceptance of Payment by Check—Bangor Hydro (BHE) hereby rejects any written conditions stated on a check or other negotiable instrument rendered by the customer unless such conditions are explicitly accepted in a separate writing by an authorized BHE representative.

Service Interruptions—We are available 24 hours a day. Telephone lines are quickly filled during major power outages and it may take you several tries before reaching our operators at our Customer Service Center. After you have determined the cause of your outage is not a tripped circuit breaker or blown fuse, please call 1-800-440-1111. "Be Prepared for a Power Outage" brochures are available upon request.

Change in Account Information—Any change to customer name, mailing address, or phone number must be reported to our Customer Service Center.

DEFINITION OF TERMS

Delivery Service—The charges for services from the transmission and distribution utility (BHE).

Electricity Supply—The charges for electric energy and capacity from the supplier of your choice.

Estimated Bill—If we are unable to obtain a scheduled meter reading, we will estimate the amount of kWh consumed based on past usage.

kWh (kilowatt-hour)—The amount of electricity you use is measured in kilowatt-hours (kWh) by a meter. For example, a 100 Watt light bulb used for 10 hours will consume 1,000 Watt-hours, or one kWh.

Prorating—Prorating occurs when your cost per kWh changes and the total energy for the bill was consumed under two different rates. The number of days on each rate is counted. Calculations are then run on the current rate and the prior rate. The percent of time for each rate is applied to the total kWh consumed, to calculate the total bill.
